Basic Information

- Place of Origin: China
- Brand Name: Sany
- Model Number: 215CPro
- Minimum Order Quantity: 1set
- Price: 19800-36000 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 7 units are supplied every month

Product Specification

- Travel Speed: 5.4/3.3
- Travel Mode: Crawler
- Excavator Engine Model: 4M50
- Maximum Digging Depth: 6600
- Bucket Capacity: 1.1
- Operating Weight: 21900
- Maximum Digging Radius: 10280
- Rated Power: 118/2000
- Highlight: Mining Used Sany Excavator,
SY215C Pro Used Sany Excavator,
21900kg Second Hand Sany Excavator

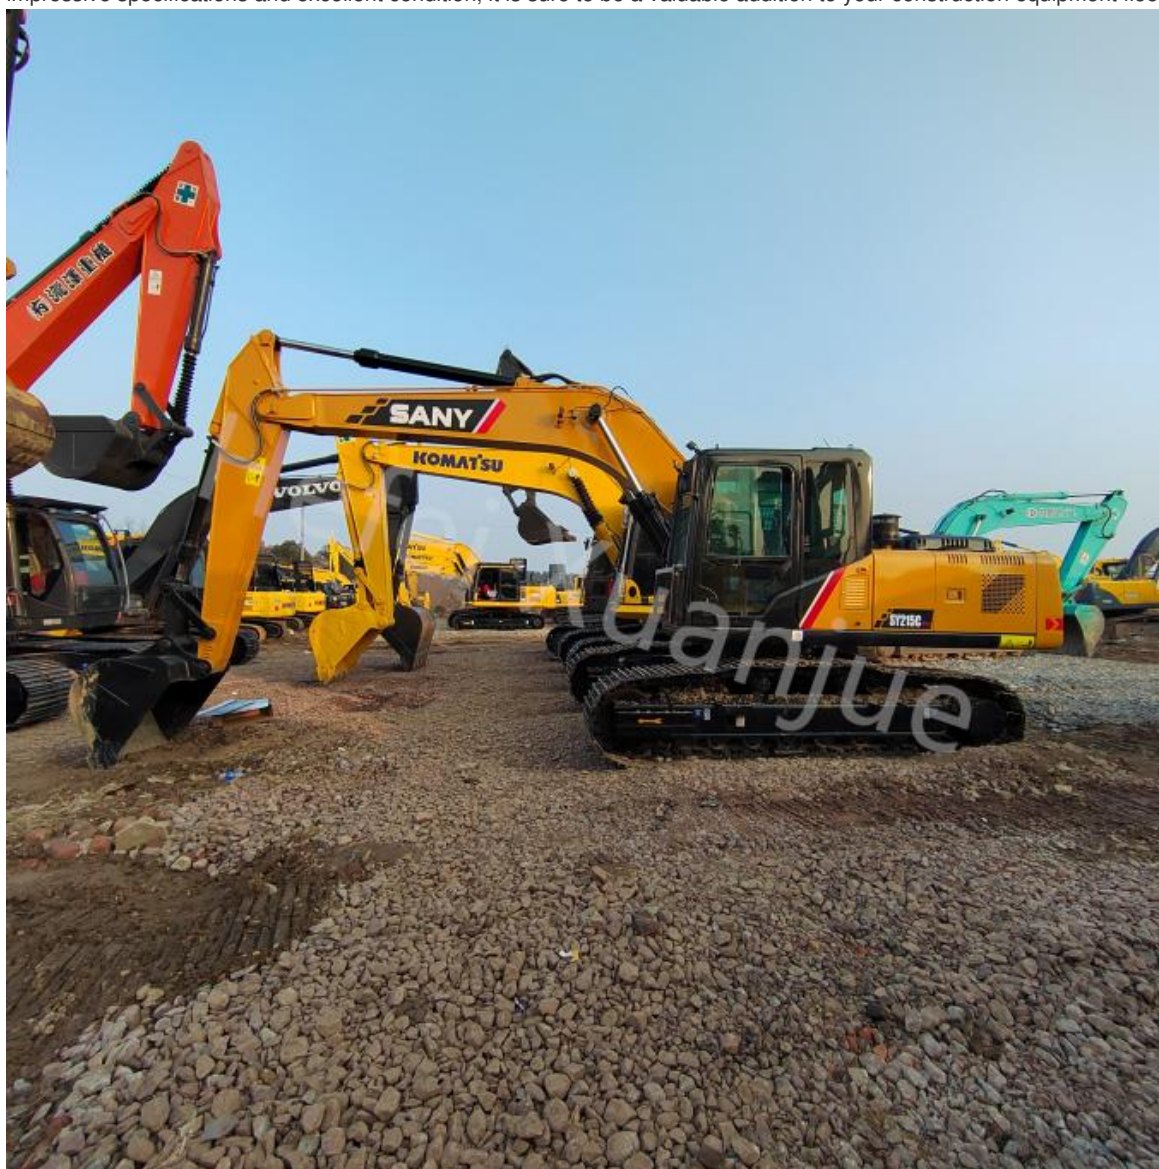

SY215CPro In 2021 With 21900 Operating Weight Used Sany Excavator With 9600 Maximum Digging Height

Product Description:

Introducing the Second-Hand Sany Excavator, a reliable and efficient piece of Sany Excavation Machinery that is perfect for all your digging needs. The SANY 75C model boasts an impressive Operating Weight of 21900 kg, making it suitable for a wide range of construction projects. With a spacious Fuel Tank capacity of 390 liters, this excavator can work for long hours without the need for frequent refueling. This not only saves time and effort, but also improves work efficiency. The Maximum Digging Depth of 6600 mm ensures that this excavator can handle even the toughest digging tasks with ease. Whether you're working on a construction site or a mining project, this excavator will get the job done efficiently and effectively.

Manufactured in 2021, this used Sany excavator is in excellent condition with low hour usage, making it a cost-effective option for those looking for reliable excavation machinery. It has been thoroughly inspected and maintained to ensure it meets the highest standards of quality and performance. One of the standout features of this excavator is its Maximum Digging Radius of 10280 mm, allowing for a wider range of movement and increased flexibility on the job site. This, combined with the high efficiency and durability of Sany excavators, makes it a top choice for any construction project. In summary, the Used Sany Excavator is a high-quality, cost-effective option for all your digging needs. With its impressive specifications and excellent condition, it is sure to be a valuable addition to your construction equipment fleet.

Technical Parameters:

Product Name	Used Sany Excavator
Model	SY215CPro
Year	2021
Travel Mode	Crawler
Operating Weight (kg)	21900
Maximum Digging Height (mm)	9600
Maximum Digging Depth (mm)	6600
Maximum Digging Radius (mm)	10280
Bucket Capacity (m³)	1.1
Travel Speed - High/Low (km/h)	5.4/3.3
Fuel Tank (L)	390
Rated Power (kW/rpm)	118/2000

Applications:

The Used Sany Excavator is designed to excel in various construction scenarios, making it a versatile and valuable asset for any project. Here are some common application scenarios where this excavator can be used:

Road Construction: With its powerful engine and durable crawler travel mode, this excavator is perfect for digging and laying foundations for roads and highways.

Building Construction: The Used Sany Excavator is ideal for building construction as it can easily dig deep and wide trenches for foundations and basement levels.

Landscaping: This excavator's maximum digging height of 9600 allows it to easily reach and remove large amounts of

soil or debris in landscaping projects.

Demolition: With its strong and reliable structure, the Used Sany Excavator is also suitable for demolition projects, such as breaking down walls and removing debris.

Mining: This excavator's high efficiency and durability make it a great choice for mining operations, such as digging and loading materials onto trucks.

In conclusion, the Used Sany Excavator is a reliable and cost-effective choice for any construction site. Its strong and durable construction, high efficiency, and Chinese made quality make it a valuable asset for any construction company or contractor. Consider adding this excavator to your heavy machinery fleet and experience its benefits first-hand.

Packing and Shipping:

Our Used Sany Excavator is carefully packaged and shipped to ensure safe delivery to our customers. We understand the importance of protecting this valuable equipment during transportation, and take all necessary steps to ensure its safe arrival.

Packaging

The excavator is first inspected and cleaned before being securely packaged in a sturdy wooden crate. This crate is then sealed and labeled with all necessary shipping information, including the product name, dimensions, weight, and destination address.

Shipping

We offer various shipping options to accommodate our customers' needs, including ground, air, and sea transportation. Our team works closely with trusted shipping partners to ensure timely and efficient delivery of the excavator to its final destination.

All shipping costs are calculated based on the destination and chosen shipping method. We strive to provide competitive shipping rates to make our products more accessible to customers around the world.

For international shipments, we handle all necessary customs and documentation processes to ensure a smooth delivery process. We also provide tracking information so that customers can monitor the status of their shipment.

Once the excavator has reached its destination, our team will follow up with the customer to ensure that the product has arrived in good condition and meets their satisfaction.

F & Q:

Xuanjue Serve For You, Best Quality And Lowest Price

Q1. What payment method?

Payment is negotiable

Q2. Will our company provide any service to the machine?

Yes! Before we deliver the machine, we will test, check, service, maintenance and clean it the machine.

Q3. What's the MOQ ?

MOQ is 1set. FOB or others can be negotiated.

Q4. What's the payment terms?

FOB or others can be negotiated.

Q5. Who pays the freight?

This is determined based on the payment method. We can either find a freight forwarder or the customer can designate a freight forwarder.

If you have any questions, you can call and send an email at any time and leave a message. We will answer you as soon as possible after seeing it.
